Market Research

Executive Summary:

- Rush has ₹14.2 Cr revenue but is stuck in one city, one channel
- No brand owns India's booming social fitness culture
- We propose the Rush Social Fitness Circuit, a ticketed, recurring community fitness festival
- Enters Bengaluru & Pune through people, not paid ads
- Pickleball + Night Runs + Team Challenges close the gender gap
- Loyal buyers become city ambassadors, the cheapest growth engine
- Goal: ₹28 Cr | 2 new cities | 50% male share | ₹2.5 Cr budget | 18 months

INDIA'S YOUNG PROFESSIONALS ARE REPLACING NIGHTLIFE WITH SOCIAL FITNESS.

RUSH HAS THE PRODUCT. NOT YET THE MOVEMENT.

Strong fundamentals. Dangerous concentration. A cultural window closing in 12-18 months.

WHERE RUSH STANDS

₹14.2 Cr	Annual Revenue (FY2024)
68% YoY	Revenue Growth
41%	6-Month Repeat Purchase Rate
2.1L	Instagram Followers

"Strong product-market fit. The problem isn't the product."

THE CONCENTRATION PROBLEM

Geographic lock-in
<3% recall outside Delhi NCR

Gender imbalance
63% female / 37% male

Zero offline presence
No gyms, courts, or retail

Followers ≠ community
2.1L online, 0 physical community

"76% revenue through one channel. One point of failure."

THE CULTURAL TAILWIND

64%
of urban Indians see fitness as a social activity

69%
metro awareness of pickleball as a sport

51%
attended a community fitness event in past 6 months

"Fitness is becoming identity. The audience Rush needs already exists."

THEN
- Bars & clubs
- Passive entertainment
- Alcohol culture
- Forgotten by morning

NOW
- Night runs & sports socials
- Active participation
- Wellness culture
- Content that lives forever

"India's 22-32 year olds are not going home. They are going to the court."

RUSH CAN OWN THIS SHIFT.

Introducing the Rush Social Fitness Circuit — India's first city-wide, self-funding social fitness movement.

WINNING INDIA'S URBAN SOCIAL ATHLETE — THE SEGMENT NO SUPPLEMENT BRAND HAS CLAIMED.

Who Rush targets, what Rush stands for, and the competitive position no one can buy.

URBAN SOCIAL ATHLETE

- **Age:** 22–32 years
- **Cities:** Delhi NCR, Bengaluru, Pune
- **Profile:** Young professionals & creators
- **Sports:** Pickleball, run clubs, turf games
- **Motivation:** Community, identity, not transformation
- **Fitness spend:** ₹1,650/month average

"48% would switch brands for better community fit."

FITNESS IS EVOLVING

OLD FITNESS	NEW FITNESS
Solo gym grind	→ **Community sport**
Transformation goal	**Lifestyle identity**
Private discipline	**Public experience**
Supplement for gains	**Fuel for sessions**
Gym channel brand	**Court & event brand**

61% trust micro-influencers over celebrities

27% discover brands via friends

WHERE EVERY BRAND FAILS

ARCHETYPE	COMMUNITY	WEAKNESS
Legacy (MuscleMax)	Low	Dated. Zero Gen Z pull.
Premium (AlphaFuel)	Low-Med	High price. Poor India fit.
Influencer (BlendUp)	Medium	No credibility. Trend-chasing.
FMCG (HydroSport)	Low	No authenticity in niche.
RUSH (current)	Very Low	No offline. Awareness ceiling.

"Every competitor has distribution or influence — but NO ONE owns community. That is Rush's territory."

MOVE TOGETHER

"Community is the product. Nutrition is the entry ticket."

FUEL BETTER

"Clean ingredients for real sessions. No transformation theater."

PLAY MORE

"Fitness should feel like a Friday night."

"Every competitor talks to people who want to look like athletes."

Rush talks to everyone who just wants to feel good moving together.

That is a much bigger market. And nobody is owning it.

RUSH — FUEL OF INDIA'S FITNESS-SOCIAL GENERATION

THE RUSH SOCIAL FITNESS CIRCUIT —

A SELF-FUNDING MODEL THAT ENTERS CITIES THROUGH PEOPLE, NOT PAID MEDIA.

THE RUSH SOCIAL FITNESS CIRCUIT

TICKETED · RECURRING · CITY-PORTABLE · SELF-FUNDING

RUSH NIGHT MOVES

Format: Neon night run + music set
Activities: DJ-led 5km run, Glow relay, Live music
Gender signal: Mixed — builds shared energy
Conversion: Electrolyte sachets at start line

SOCIAL SPORT ARENA

Format: Pickleball lightning courts
Activities: 5-min battles, Social ladder, Mixed doubles
Gender signal: Skews male — fixes 37%→50% gap
Conversion: Rush branding on court & gear

MOVEMENT PLAYGROUND

Format: Fun team challenges
Activities: Obstacle laugh track, Agility relay
Gender signal: Fully inclusive — no gatekeeping
Conversion: Protein shake sampling at exit

RUSH RECOVERY BAR at every event: Electrolyte sachets (₹15/serve) + Whey samples + App sign-up station

3-CITY CIRCUIT PLAYBOOK

PHASE 1 | Delhi NCR | Months 1–4
Entry: Rush Rally 2.0 (2 events/mo). Goal: Refine economics.

PHASE 2 | Bengaluru | Months 5–10
Entry: 3 court sponsorships (Koramangala/Whitefield).
Why: Tech workforce = exact target. Strong pickleball base.

PHASE 3 | Pune | Months 11–18
Entry: Student/Campus activations + Court partners.

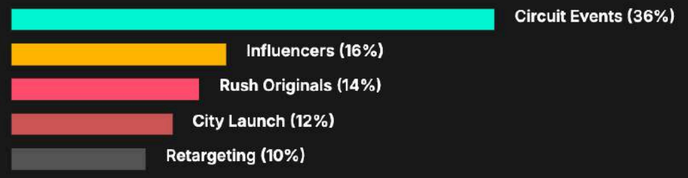

**Mumbai is the Phase 2 story for the next funding round.*

THE AMBASSADOR ENGINE

- **IDENTIFY** (Top buyers)
- **INVITE** (Rush Originals)
- **ACTIVATE** (Original leads 30 friends)
- **AMPLIFY** (Paid micro-ambassadors)
- **SCALE** (Seed next city)

WHY IT WORKS:
- 61% trust peers over celebrities
- Cost: ₹35L vs ₹1.2Cr influencer

WHERE EVERY RUPEE GOES (₹2.5CR)

Ticket revenue (₹399 × 150) offsets 20% of event cost. **Net Event Budget: ₹72L.**

70% of budget creates physical community presence.

THE RALLY WASN'T TOO EXPENSIVE. IT WAS UNDER-MEASURED.
HERE IS WHAT SUCCESS ACTUALLY LOOKS LIKE.

Fixing the experiential economics. Redefining the measurement framework. Defining FY2026 success.

FROM ONE-OFF TO SELF-FUNDING

METRIC	RALLY (ACTUAL)	CIRCUIT (PROPOSED)
Attendees	180	150
Ticket Revenue	₹0	₹59,850
Net Cost	₹5.8L	₹2.4L
App Sign-ups	290	~200
Content Views	1.8M	2M+
Effective CAC	**₹2,000**	**₹1,200**

"CAC fell 40%, not by spending less, but by charging entry and pre-qualifying buyers."

"57% of target consumers willing to pay. Tickets reduce cost AND increase buyer quality."

WHAT WINNING LOOKS LIKE (FY2026)

KPI	TARGET	WHY IT MATTERS
Revenue	₹28 Crore	Board mandate
Male share	50%	Board mandate
Unaided recall	15%+	City entry proof
Repeat rate	45%+	Loyalty deepening
Community	20,000+	The moat metric
Events	20+	Circuit at scale
Originals	150+	Ambassador density

CAC IS THE WRONG LENS

METRIC	WHAT IT MEASURES	TARGET
Event CAC	Direct acquisition cost	<₹1,500
Content Multiplier	Views per ₹1 vs digital	3× digital
Community LTV	Repeat rate: event vs digital	>55% vs 41%
Unaided Recall	City recall lift	15%+ (M10)
Ambassador Conv.	Attendees → Originals	8-10%
Male Acq. Rate	% male sign-ups	55%+

"When community buyers have a 55%+ repeat rate vs 41% digital average, a ₹1,200 CAC delivers higher lifetime value than a ₹450 digital CAC."

THE FLYWHEEL THAT NO FMCG CAN BUY

Circuit Events → Briefed Creators → 1.8M+ Views → Community → Rush Originals → City Seeding → Ticket Revenue → *Funds Next Event*

"Each event makes the next one cheaper, bigger, and more powerful."

THE MOAT NO FMCG CAN BUY

FESTIVAL IP
Owned experience format. Not a sponsorship.

COMMUNITY NETWORK
20K+ members with social switching cost.

CREATOR ECOSYSTEM
Briefed attendees generate organic reach.

CITY ORIGINALS
Local leaders who compound growth.

THE ANSWER TO THE CASE

Rush will not win by selling supplements to India.

Rush will win by becoming the brand that showed up when India started moving together.

The Rush Social Fitness Circuit.
FY2025–26.

THANK YOU

MARK-ON 2026 — SUPPORTING ANALYTICAL MATERIAL

APPENDIX

Data, Calculations & Strategic Evidence

A1 Revenue Projection to ₹28 Crore

A2 Budget Allocation & Event Economics

A3 Refined User Persona

A4 Market Insights & Trends

A5 Exhibit Data Interpretation

A1 — PHASED REVENUE & GROWTH TIMELINE

18-MONTH REVENUE BUILD

PHASE 0 — BASELINE	PHASE 1 — DELHI NCR DEPTH	PHASE 2 — BENGALURU ENTRY	PHASE 3 — PUNE ENTRY
TIMELINE **Pre-Jan 2025**	TIMELINE **Months 1–4**	TIMELINE **Months 5–10**	TIMELINE **Months 11–18**
REVENUE EST. **₹14.2 Cr (FY24)**	REVENUE EST. **+₹3.5 Cr**	REVENUE EST. **+₹5.8 Cr**	REVENUE EST. **+₹4.5 Cr**
KEY DRIVER D2C + q-comm Delhi NCR base	KEY DRIVER Circuit events, repeat uplift, Rush Originals	KEY DRIVER Court sponsorships, Circuit events, Blinkit Bengaluru	KEY DRIVER Campus activations, Circuit Pune, q-comm listings

FY2026 TOTAL TARGET: ₹28.0 CR (18 MONTHS) — 3 CITIES, 50% MALE ✓

WHY 40.5% CAGR IS CREDIBLE

- Category growing at 18% YoY (Exhibit D). Rush growing at 68% in FY24 — brand is already 3.7× category growth.
- Community model retains customers better than paid digital acquisition.
- Repeat rate improvement from 41% → 45% alone adds ₹2.3Cr on existing customer base without new spend.

WHY BENGALURU BEFORE MUMBAI

- Tech workforce = exact 22-32 demo fit for Rush's 'Urban Social Athlete'.
- Pickleball infrastructure stronger than Pune, more affordable than Mumbai.
- Mumbai event costs are 2-3× higher. ₹2.5Cr budget cannot support Mumbai meaningfully yet.

Mumbai is the Series A story — not this budget cycle.

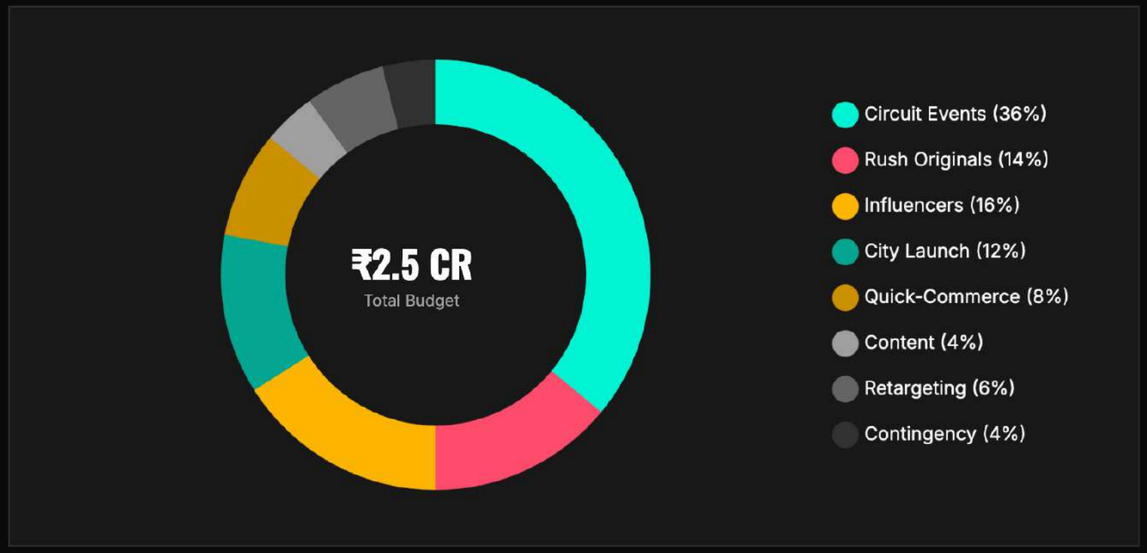

REPEAT RATE AS A REVENUE LEVER

- Industry benchmark: 35–40%. Rush current: 41% (above benchmark). Rush target: 45%.
- Each 1pp improvement on 62,100 customers = ~620 extra orders/year.
- At ₹2,050 AOV = **₹12.7L incremental revenue per 1pp improvement**. This is pure margin impact.

A2 — BUDGET ALLOCATION & EVENT ECONOMICS

₹2.5 CR ALLOCATION

INITIATIVE	BUDGET	SHARE	RATIONALE
Rush Social Fitness Circuit	₹90L	36%	Core engine; ticket revenue offsets ~₹18L
Rush Originals programme	₹35L	14%	Lowest CAC channel; 27% referral pipeline
Micro-influencer campaigns	₹40L	16%	Feeds 47% Instagram discovery
City launch + sampling	₹30L	12%	Point-of-effort trial at events
Quick-commerce listings	₹20L	8%	Distribution in Bengaluru + Pune
Content production	₹10L	4%	Capture event moments for earned media
Digital retargeting	₹15L	6%	Converts awareness to purchase
Contingency	₹10L	4%	Market pivot fund
TOTAL	**₹2.50 Cr**	**100%**	—

STRATEGIC NOTE: 70% of budget funds real-world community presence. Only 10% is pure digital. Community assets compound. Impressions do not.

RUSH NIGHT MOVES
Neon Night Run + Music

Venue / ground permit	40,000 – 60,000
DJ + sound + lights	60,000 – 80,000
Neon props + branding	40,000 – 60,000
Rush Recovery Bar	25,000 – 35,000
Staff + operations	20,000 – 30,000
1 micro-influencer	20,000 – 30,000
App sign-up station	15,000 – 20,000
TOTAL COST	**₹2.20L – ₹3.15L**
Ticket offset (100 × ₹399)	– ₹39,900
NET COST TO RUSH	**₹1.80L – ₹2.75L**

SOCIAL SPORT ARENA
Pickleball Lightning Tournament

Court rental (4 courts, 3hr)	30,000 – 50,000
Paddles + balls (branded)	25,000 – 35,000
Court branding + decals	20,000 – 30,000
Tournament prizes	15,000 – 25,000
Rush Recovery Bar	25,000 – 35,000
Event MC + operations	15,000 – 20,000
Content creator briefed	20,000 – 30,000
TOTAL COST	**₹1.50L – ₹2.25L**
Ticket offset (80 × ₹399)	– ₹31,920
NET COST TO RUSH	**₹1.18L – ₹1.93L**

MOVEMENT PLAYGROUND
Inclusive Team Challenges

Equipment (modular)*	5,000 – 7,000
Ground space / permit	20,000 – 30,000
Game facilitators (3 staff)	15,000 – 20,000
Branding + signage	15,000 – 20,000
Rush sampling station	20,000 – 25,000
**Amortised over 10 events*	
Ops & contingency	50,000 – 70,000
TOTAL COST	**₹1.25L – ₹1.72L**
Ticket offset (120 × ₹299)	– ₹35,880
NET COST TO RUSH	**₹0.89L – ₹1.36L**

A3 — REFINED USER PERSONA: THE URBAN SOCIAL ATHLETE

PRIMARY PERSONA

URBAN SOCIAL ATHLETE

"Arjun / Ananya, 26 — Moving for community, not just cardio."

Competition + Social Status

SWITCH TRIGGER
Social Sport Arena — Plays & Wins

37% MALE TODAY → 50% TARGET | 48% WOULD SWITCH FOR COMMUNITY FIT

PAIN POINTS RUSH SOLVES

PAIN POINT	HOW RUSH SOLVES IT
Supplements feel built for serious athletes	No transformation claims; conversational brand voice.
Hard to find fitness community in a new city	Circuit + Originals provide instant community in each city.
Post-work evenings are unstructured	Night Moves fills Friday night with active socialising.
Most fitness brands feel generic nationally	Rush Originals are city-native; brand feels local.
Product discovery is fragmented	Originals formalise the 27% referral channel.

DIGITAL PROFILE

Instagram: Primary Discovery (47%)
All event content feeds back here to close the loop.

Friends: Second Channel (27%)
Rush Originals formalises this unstructured channel.

Reels + Stories
Documents everything. Events must be designed for cameras.

Q-commerce
Buys on Blinkit/Zepto. Existing distribution advantage.

Follows 62M Fitness Creators
Micro-influencer pool is large and receptive.

A4 — SUPPORTING MARKET INSIGHTS & TRENDS

REMOTE WORK DISMANTLED SOCIAL INFRASTRUCTURE

- Office was the primary source of daily weak-tie social interaction.
- Hybrid and remote-first work reduced these interactions sharply post-2020.
- India's tech workforce (Bengaluru, Pune) is Rush's exact expansion target.

> *"Rush Circuit events are not just fitness events. They are social infrastructure replacements for a generation that lost their office community."*

FITNESS AS THE NEW THIRD PLACE

- "Third places" (Oldenburg, 1989) — spaces beyond home and work — are declining.
- Community fitness events are filling this gap for 22–32 year olds.
- 51% attended a community fitness event in past 6 months (Exhibit B).

> *"Rush is not creating a market. It is showing up for one that already exists and is growing."*

DEATH OF PASSIVE NIGHTLIFE

- Alcohol consumption among 20–30 year old urban Indians declining since 2018.
- Bar/club attendance replaced by early-evening fitness socials.
- Rush product fits perfectly: electrolytes during, protein after.

> *"Rush Night Moves is not competing with supplement brands. It is competing with Saturday night. And winning."*

PICKLEBALL AS CULTURAL INFRASTRUCTURE

- Delhi NCR courts: 80 → 180+ in 18 months (125% growth).
- Grew without advertising — purely via WhatsApp groups + peer recruitment.
- Same channels as Rush's target audience: Instagram (47%) + Friends (27%).

> *"Pickleball didn't need a brand. But it needs a nutrition partner. Rush can be that partner."*

THE MARKET OPPORTUNITY IN NUMBERS

INDICATOR	VALUE	IMPLICATION
India sports nutrition market	**USD 610 Mn (~₹5,100 Cr)**	Rush at ₹14.2Cr = <0.3% share
Market growth rate (YoY)	**~18%**	Rush growing 3.7× category
Organised fitness users India	**~7.5 Mn**	₹28Cr needs 0.83% penetration only
Pickleball courts, Delhi NCR	**180+ (up from 80)**	125% growth in 18 months
Urban fitness creator followers	**~62 Mn**	Micro-influencer pool size
Avg monthly spend, urban user	**₹2,800–4,200**	Rush captures only 50–70% of wallet
D2C nutrition repeat (industry)	**35–40%**	Rush at 41% already above average
Window before FMCG entry	**12–18 months**	Case document, market context section

A5 — CASE EXHIBIT INTERPRETATION: EXHIBITS C, D & E

EXHIBIT C — WHERE EVERY COMPETITOR FAILS

ARCHETYPE	COMMUNITY	KEY WEAKNESS	RUSH OPPORTUNITY
Legacy Supplement (MuscleMax)	Low	Dated. Zero Gen Z pull.	Own the cultural identity gap
Intl Premium (AlphaFuel)	Low–Med	High price. Poor India fit.	Win on local authenticity
Influencer D2C (BlendUp)	Medium	No credibility. Trend-chasing.	Build consistent community trust
FMCG Sports Pivot (HydroSport)	Low	No niche authenticity	Earn court/club relationships
RUSH (current)	**Very Low**	**No offline. Ceiling.**	**Unclaimed territory — move NOW**

"No competitor has meaningful community presence. This is the only genuinely unclaimed territory in the India sports nutrition market. Rush must move before FMCG budgets arrive."

EXHIBIT D — MARKET SIGNALS

180+
PICKLEBALL COURTS NCR
125% growth in 18 months. Pure word-of-mouth expansion.

₹3.5K
AVG MONTHLY SPEND
Rush captures only 50–70% of current wallet share.

7.5 Mn
ORGANISED FITNESS USERS
₹28Cr target requires <1% penetration of this base.

62 Mn
CREATOR FOLLOWERS
Massive micro-influencer amplification pool.

EXHIBIT E — MARKETING COST BENCHMARKS AND HOW RUSH USES THEM

ACTIVITY	EXHIBIT E RANGE	RUSH STRATEGY USE	IN BUDGET?
Community pickleball social (50–100 pax)	₹2.5L – 4L	Social Sport Arena zone; Rush targets ₹2.2–3.2L with ticket offset	✅ **YES — Primary**
Pickleball tournament sponsorship	₹5L – 8L	1 event in Bengaluru Phase 2 for instant recall	✅ **YES — Phase 2**
Micro-influencer campaign (10 creators)	₹8L – 12L	3–4 campaign cycles across cities; ₹40L total allocated	✅ **YES — Ongoing**
Campus activation (single college)	₹80K – 1.5L	4–5 campus activations in Pune Phase 3	✅ **YES — Phase 3**
Gym sampling (20 gyms, 1 month)	₹3L – 5L	NOT in primary strategy — brand fit risk with legacy gym culture	❌ **Contingency**
Quick-commerce listing (1 month)	₹1.5L – 3L	₹20L allocated = 4–6 months in Bengaluru + Pune combined	✅ **YES — Ph 2+3**
Outdoor hoarding metro city	₹4L – 7L	NOT in primary budget — only if Bengaluru recall stays <10%	❌ **Contingency**

"Gym sampling and outdoor hoardings are excluded from primary strategy deliberately — both fight on competitor turf rather than building Rush's own community territory."

— THANK YOU —
